Intrepid

We are all

INTREPID

Every Intrepid adventure starts with curiosity.
A desire to understand, to learn something new, to challenge beliefs and push boundaries. To switch on our out-of-office alerts, to say farewell to daily routines, to have fun.

For some, being Intrepid means trying a dish they can’t pronounce, or learning the salsa in a Cuban bar. It’s climbing a mountain, or coming eye-to-eye with a silverback gorilla.

For others, it’s packing for a solo adventure, getting out of that bubble of familiarity, and making new friends in all corners of the globe.

Whether you’ve been travelling for years or you’ve never left home, we want to lead you to those moments of discovery, to satisfy that curiosity, to be Intrepid.

Because now, more than ever, the world needs more Intrepid people.
**Why choose Intrepid**

**THE ULTIMATE ITINERARIES**

We know this is your trip of a lifetime, and we’re committed to making it unforgettable. Our itineraries strike the perfect balance between the structured and the spontaneous, with a focus on experiences only made possible when you’re travelling with a local leader. You want freedom and flexibility as well as the highlights – that’s why we craft tours that give you both.

**THE ULTIMATE ITINERARIES**

We know our travellers care about the world as much as we do. From a meal made with produce grown on a family-run farm to learning how to craft carpets at a women’s co-op in Turkey, when you travel with us you know that your journey is giving back. Don’t just take our word for it – as the world’s first travel B Corp, we follow strict ethical standards on sustainability, supply chains and social responsibility.

**SMALLER GROUPS**

Our groups are perfectly sized – on average, just ten travellers – to let you feel like you’re exploring a destination independently, but big enough to create a good social vibe. Whether it’s swapping stories at a local homestay, sharing a table at a hole-in-the-wall restaurant, or enjoying a drink at the end of a jam-packed day, our small group size opens up big opportunities the larger groups can only dream of.

**LEGENDARY LOCAL LEADERS**

Get ready to go beyond the main streets and into the heart of a destination. Travelling with our expert local leaders means you can focus on being in the moment instead of worrying about missing the last train out of town or where you can safely stroll. It’s adventure travel with all the boring details taken care of, guided by a local who wants to bring you into their world.

**04**

**05**

**Travel for good**

We run thousands of trips in a range of styles and visit every continent on earth. And we do it all with our signature attention to detail and passion for real life experiences. Our destination experts are constantly scouring the globe for sights and experiences to share – so you can discover your new favourite place, or explore a guidebook staple from a new perspective.
We’re all about real life experiences. The surprising moments that turn into the stories you tell for years to come. You’ll find them off the beaten track, in the bustle of a Marrakech souk or a quiet village along the Mekong Delta. These experiences are raw, authentic and totally unforgettable.

HOW WE Travel

We know that food while you travel is more than fuel, and our trips include meals that enhance your adventure and give you a taste of the local flavours. Think a traditional Khmer dinner in the grounds of a Cambodian temple, or a hearty dinner with an Amish family in Berlin, Ohio.

AUTHENTIC FOOD

Wherever possible, we do things the local way – including transport. It’s better for the environment and a great way to immerse yourself in another culture. From gliding through the backwaters of Kerala in a pole boat, to zipping through Tochigi on a bullet train, we choose ways to get you there that take you deeper.

GET AROUND, GO DEEPER

Sure, the first time you look at a famous monument is incredible, but so is finding yourself in the middle of a village football game or sharing a laugh with a market vendor. Our trips combine the iconic with the unexpected to give you genuine insight into local life.

THE ICONIC AND THE UNEXPECTED

We think where you lay your head can be just as immersive as what you see in the day. Like spending the night at a 17th-century Rajasthani castle or a gite in the High Atlas Mountains. No matter where we stay, we always choose locally run accommodation.

STAY REAL

By sharing laughter, stories and adventures with local people, you’ll learn about different ways of life. More importantly, you’ll find common ground. We believe you’ll learn more at a community-based tourism project in Vietnam’s Da Bac or staying in a Nepalese village recovering from the 2015 earthquake, than wearing a headset and following a flag.

LOCAL CONNECTIONS
SEE THE WORLD
Your way

No matter what kind of adventure you’re looking for, our themed trips will help you to find it. Whether you want to pump the pedals, discover a destination through its culinary treats, or travel with kids, our diverse range of themed itineraries have got you covered.

ADVENTURE CRUISING
Small groups and small ships mean you can dock in remote ports and get to know the locals, not outnumber them. Explore some of the world’s most beautiful, isolated islands on our Absolute Galapagos tour, see page 41.

CYCLING
It’s just you, the wind and the open road. Ride from colonial Havana to the quiet beauty of the pristine Yumuri Valley on our Cycle Cuba trip, see page 84.

WILDLIFE
Get closer to nature with trips that focus on animal encounters. Our Costa Rica Experience takes you into national parks humming with wildlife, see page 103.

FOOD
These tours get you munching, crunching and slurping just like the locals. Navigate a vibrant fish market, select a catch and then craft ceviche with a local chef on a Peru Real Food Adventure, see page 31.

FESTIVALS
These trips are lantern-lit, confetti-filled, mud-slinging fun. Join us at the world’s biggest celebrations, like on our Rio Carnival Experience, see page 63.

CHOOSE YOUR STYLE
Every one of our trips has a particular style. It’s away to help pick the adventure that best suits you, whether you’re after just the essentials, a whole bunch of inclusions or a little bit of both. The choice is yours.

BASIX
Authentic experiences and the icons at a great price, our Basix trips feature simple accommodation, local transport and are perfect for the independent traveller.

ORIGINAL
These are the trips we’ve built our reputation on! A mix of included activities and free time, tourist-class hotels and unique accommodation, some meals on us and the chance to follow your nose.

COMFORT
More inclusions, cushier accommodation and a more relaxed pace – comfort trips are adventure travel with some of the rough edges smoothed away.

PHYSICAL RATING
Each of our trips has a physical rating, so you can tell how exerting a trip is and how fit you’ll need to be to enjoy it. As a guide:

- Easy and relaxing
- Bring your walking shoes
- An average level of fitness required
- Action-packed, physically demanding
- Full-on active adventure for the more agile traveller
MEET YOUR Leaders

Our award-winning leaders are a diverse bunch with one thing in common: a passion for their part of the world. Here are just some you might meet on your travels.

SASHA THAILAND

Whether she’s taking travellers to the best pad kra prow stall in Bangkok or the floating markets of Amphawa, Sasha helps people really connect with Thailand with her signature warmth and local knowledge. What matters most to Sasha is being kind and open, having fun, and providing her groups with an awesome experience of Thailand.

ANKITA INDIA

She’s a friend and a translator, a problem-solver and that all-important link between being a traveller and a local. And while she loves being able to travel all over India, Ankita’s favourite thing about leading for Intrepid is meeting new people and having different conversations every day. Her other fave thing? Introducing travellers to her most-loved Indian food: vegetarian thalis, a platter made up of curries, pickles, rice and bread (and watching them try to finish it!).

VALENTINA MEXICO

Central & South America
Community-based tourism

Responsible, community-based tourism is good for travellers and locals alike. That’s why we work with organisations like ActionAid to develop projects that empower communities.

Ending modern slavery

Last year, we campaigned for laws that recognised orphanage tourism as a form of modern slavery. In 2016 we removed orphanage visits from all of our itineraries.

Animal welfare

In 2014, we became the first global tour operator to ban elephant rides on our trips after we funded eye-opening research by World Animal Protection.

Gender equality

In 2017, we committed to doubling our number of female leaders by 2020; since then, we’ve grown from 150 to over 300 female leaders globally.

We don’t think travel should cost the earth, and we see it as our responsibility to help protect the planet we love to explore. We’ve been carbon neutral since 2010, and we offset the carbon emissions from our global business offices and our trips by supporting various projects all over the world.

Since 2002, The Intrepid Foundation has been offering travellers a tangible, transparent way to give back to the communities we visit. It’s simple: you donate, we double your contribution, and then we give 100% of that money to a community-based project. Thanks to you, we’ve donated over AU $7 million to more than 130 local organisations around the world, helping to improve the livelihoods of vulnerable individuals and communities through sustainable travel experiences. I first fell in love with Costa Rica after watching an episode of The Jeff Corwin Experience. I had seen it so many times that I could recite the line, ‘It’s time to go from a quadruped to a biped in search of a no-ped!’ The country is famous for its gorgeous reptiles, and he was referring to snakes. In the episode, he travels from the cloud forests of Monteverde to the secluded shores of the Caribbean, encountering nesting sea turtles, a troop of capuchin monkeys, a silky anteater, and a bushmaster serpent along the way.

WHY CONSIDER SOLO TRAVEL IN COSTA RICA

I first fell in love with Costa Rica after watching an episode of The Jeff Corwin Experience. I had seen it so many times that I could recite the line, ‘It’s time to go from a quadruped to a biped in search of a no-ped!’

10 THINGS YOU’LL ONLY KNOW IF YOU’VE TRAVELLED IN PERU

You plan a trip to Peru knowing it’s going to be something special. After all, Machu Picchu is what bucket lists are made for.

And whether you’re venturing to the Inca citadel for a special birthday, for a meaningful trek, or just for an adventurous sort of vacation, the site is iconic for good reason.

But, as I found on my 8-day Inca Trail trip with Intrepid Travel, you’ll visit for the ruins but leave having taken in and fallen for so much more. With that in mind, here’s 10 things you’ll only know if you’ve travelled in Peru.

When it comes to our trips, we don’t play favourites. But with so much to see in this brochure, we thought we’d help out. These are a few of the tours through Central and South America that our travellers rave about, just to get you started. Follow the Inca Trail to Machu Picchu, sip rum in a Cuban eco-ranch, wander a Tzotzil Maya village in Mexico and travel to the ends of the earth (otherwise known as the Galapagos Islands).

Follow in the footsteps of the Inca on an unforgettable hiking adventure along the Inca Trail, or on one of the newer routes on offer. Climb through lush cloud forests, subtropical jungle and crumbling Inca monuments, and navigate narrow, winding staircases and sheer mountain passes in pursuit of an unrrivalled final destination: the epic ruins of mighty Machu Picchu.

**CLASSIC INCA TRAIL**

With its spectacular natural scenery and pre-Columbian ruins, the Inca Trail is undoubtedly a beacon of Peru’s trekking scene. While it may attract thousands of avid hikers each year, this is no idle Sunday afternoon stroll. While any reasonably fit person should be able to complete it, the relentless uphill (and downhill) hiking can be tough going. The fitter you are, the more you’ll enjoy it.

**QUARRY TRAIL**

Less established than the Inca Trail, this trek offers the same magical scenery, visits three smaller archaeological sites the other trails don’t, is less crowded and offers more chances for interaction with local communities. Another bonus is that it doesn’t require permits – so once you book, you’re set.

**CHOQUEQUIRAO TRAIL**

Take your boots further with a challenging eight-day hike moving through high-altitude cloud forest, over mega mountain passes and along an ancient trail leading to the well-preserved Inca city ruins of Choquequirao. Think secluded and not for the faint hearted.

**NOT THE HIKING TYPE?**

If we can’t secure Inca Trail permits, you can:

- Change to another one of our fantastic trips or choose a different departure date without incurring any penalties.
- Hire the equally incredible Quarry Trail, which includes a day trip to Machu Picchu.
- Stay two nights in Cusco, then travel to Aguas Calientes by train and spend the day exploring Machu Picchu.

**RESPONSIBLE TREKKING**

Intrepid Travel is committed to ensuring the economic and environmental sustainability of the amazing destinations we visit. In Peru, we pay our porters and guides a fair wage and supply them with the necessary resources to carry out their work safely. We also support several community initiatives that promote the long-term sustainability of the region’s environment and preserving traditional cultures.

**THE NITTY GRITTY**

In order to preserve the Inca Trail, the Peruvian authorities restrict available permits to only 500 per day. They are available on a first-come, first-served basis after they are released each October, so booking well in advance is imperative. For this reason, if you want to hike the Inca Trail, it’s best to supply the full details of the passport you will be travelling on at the time of booking. We endeavour to purchase your permit within four days of receiving all necessary information and relevant payment. The Inca Trail is closed during February.

Very important: Since permits are non-changeable and non-refundable, please consult with Intrepid before changing any passport details after booking as this may result in your permit being invalidated.

Colourful, candid and everything in between, South America beats to the rhythm of an infectious, eternal drum. It’s the sequinned heat of tango and the soft silence of an Ecuadorian cloud forest.
The possibilities are endless in South America, so why not combine adventures and get the most out of this incredible continent. Our combination trips offer something for everyone.

THE GALAPAGOS ISLANDS

The Galapagos Islands have become a must-see destination for travellers all over the world thanks to their incredible biodiversity, natural beauty and place in history. This truly is a unique part of the planet, as you’ll soon discover.

CHOOSE LAND OR BOAT-BASED TRIPS

Some of our Galapagos adventures are cruising trips with our motorised yachts as your accommodation (pages 41–47), while others are land-based with nights spent in hotels, homestays and various other accommodation (pages 48–51). This variety allows you to choose a trip that suits any time or budget restrictions you may have, as well as the islands you’d like to visit.

In order to preserve this important and fragile ecosystem, the Galapagos National Park authorities restrict the number of visitors to each site by issuing permits to every visiting vessel. This permit (or patente) determines which sites can be visited each day and when. Far from restricting a visitor’s experience, this system actually enhances it because the itineraries are designed in such a way as to eliminate the amount of vessel crossover. This results in witnessing more of the wildlife you’ve come to see without vying with boatloads of other tourists.

If you don’t find the trip you’re looking for in these pages, visit our website at intrepidtravel.com/galapagos for more options.

A TYPICAL DAY ON THE BOAT

We do most of our long-distance cruising at night in order to maximise your time on the islands. And because the best time to observe much of the wildlife is first thing in the morning, early starts are pretty common. Each day consists of planned morning and afternoon activities, which tend to last between two and four hours. These can be anything from hiking to snorkelling to visiting research stations, and include either wet or dry landings. While you don’t need to be able to swim to enjoy the Galapagos Islands, some of the more unique experiences are had with a snorkel. Finally, although days are pretty packed with activities, there is ample free time to simply enjoy the environment.

MEALS ONBOARD

All onboard meals are included in the cost of the trip. The food is delicious, nutritious and plentiful, and complimentary coffee, tea and purified water are provided around the clock. Soft drinks and alcoholic beverages are available for purchase from the bar, and the cost is put on a tab that you will then be presented with at the end of the trip. Any special dietary requirements should be mentioned at the time of booking and we’ll do our best to accommodate them.

LUGGAGE

As same airline baggage restrictions exist on the flights between Quito and the islands, we advise leaving any luggage you can’t see yourself needing in the storage facilities of the starting-point hotel in Quito. All of our trips start and finish at the same hotel, so picking up any extra luggage won’t be a problem – and it also eliminates any surprise excess baggage fees!

NATIONAL PARK FEES & TAXES

A transit card fee of USD 20 is payable at check-in at Quito Airport prior to flying to the islands. The Galapagos National Park charges each passenger USD 100 upon arrival at the airport in Galapagos. If your itinerary visits Puerto Villamil, Isla Isabela, and you wish to disembark, there is a USD 10 port fee on arrival. All fees are payable in cash and must be in US dollars.

MOBILE RECEPTION AND INTERNET

There is very limited or no mobile reception in the Galapagos and no wi-fi onboard our boats. Some itineraries do pass through towns where internet is available, but we suggest you anticipate (and enjoy!) limited contact with the outside world.

IMPORTANT INFO ABOUT YOUR TRIP

If you are travelling on Le Grande Daphne, arrival transfers can be organised at an additional cost. All of our Galapagos trips include a night in Quito pre- and post-voyage. The Grand Queen Beatriz includes the services of an onboard Cruise Director. Prices for these trips vary depending on cabin type. Please select your preferred cabin type for the exact trip price. A high level of agility and mobility is needed to access all parts of the boat, negotiate embarkation/disembarkation and accessing the Zodiac from both the boat and water.

THE GALAPAGOS GOSPEL

The Galapagos is a destination unto itself, where unique landscapes are home to crazy creatures and its surrounding waters host some of the most idyllic seascapes found anywhere on earth. Below is some info about what to expect on your trip to the Galapagos – it’s anything but a typical South American adventure.

**A Guide to the Galapagos**

**WARM (WET) SEASON**
December–April
These are the hottest months with more frequent rainfall. The wettest month is March with 85 millimetres (3.3 inches) of rainfall on average, but showers are usually confined to the afternoon. January through to April are the sunniest months, when the sea is at its warmest.

**DRY (COOL) SEASON**
June–November
The Humboldt Current brings cooler water temperatures, perfect for attracting plankton and other sources of food – meaning that local wildlife is very active during this season. There is very little rainfall, and colder currents can mean the seas may be slightly rougher than normal when traveling between islands.

**Isla Fernandina**
The only penguins to live north of the equator, Galapagos penguins can be spotted feeding just off shore and are some of the speediest swimmers on the island.

**Isla Isabela**
With five out of its six volcanoes still active, Isabela is one of the most volcanic places on earth!

**Isla Floreana**
Leaving from Post Office Bay’s 19th-century whaling post barrel, and a friendly traveller heading home just might hand-deliver it for you.

**Isla Santa Fe**
Stand beside the flowers of huge opuntia cacti.

**Isla San Cristobal**
Home to all three kinds of boobies, this remote island is a bird-watching haven.

**Isla Genovesa**
Home to all three kinds of boobies, including the rare red-footed booby, this island is a twitcher’s paradise.

**BARTOLOME**

**Isla Santiago**
Pay a visit to the Santiago for seal grotto – you may be lucky enough to catch a sneak peek of these funny locals.

**Isla Baltra**
Touch down in Baltra to begin your seafaring Galapagos journey.

**Isla Santa Cruz**
If you’re lucky, you’ll spot your first giant tortoise in the highlands of Santa Cruz.

**Isla Genovesa**
**Kicker Rock**
Head out to Kicker Rock (the site of an ancient volcanic eruption) and dare to swim with the local hammerhead sharks.

**Isla San Cristobal**
**Keep an eye out for bottle-nosed dolphins; they can often be seen racing alongside boats.**

**Isabela & Fernandina**
**Snorkel warm waters with sea turtles and play tag with the islands’ zippiest swimmers.**

Catamarans are our vessel of choice when it comes to sailing the Bahamas. The catamarans we use have four cabins with ensuite bathrooms, kitchen and living area, snorkels for ocean exploring and a comfy deck to stretch out on.

You can find out more about our fleet, including detailed deck plans and photo galleries, on our website at intrepidtravel.com/sailing
