INTREPID

2020
Every Intrepid adventure starts with curiosity.

A desire to understand, to learn something new, to challenge beliefs and push boundaries. To switch on our out-of-office alerts, to say farewell to daily routines, to have fun.

For some, being Intrepid means trying a dish they can't pronounce, or learning the salsa in a Cuban bar. It's climbing a mountain, or an encounter with a silverback gorilla.

For others, it's packing for a solo adventure, getting out of that bubble of familiarity, and making new friends in all corners of the globe.

Whether you've been travelling for years or you've never left home, we want to lead you to those moments of discovery, to satisfy that curiosity, to be Intrepid.

Because now, more than ever, the world needs more Intrepid people.

Why choose Intrepid

THE ULTIMATE ITINERARIES

We know this is your trip of a lifetime, and we’re committed to making it unforgettable. Our itineraries strike the perfect balance between the structured and the spontaneous, with a focus on experiences only made possible when you’re travelling with a local leader. You want freedom and flexibility as well as the highlights – that’s why we craft tours that give you both.

01

02

SMALLER GROUPS

Our groups are perfectly sized – on average, just ten travellers – to let you feel like you’re exploring a destination independently, but big enough to create a good social vibe. Whether it’s swapping stories at a local homestay, sharing a table at a hole-in-the-wall restaurant, or enjoying a drink at the end of a jam-packed day, our small group size opens up big opportunities the larger groups can only dream of.

03

04

LEGENDARY LOCAL LEADERS

Get ready to go beyond the main streets and into the heart of a destination. Travelling with our expert local leaders means you can focus on being in the moment instead of worrying about missing the last train out of town or where you can safely stroll. It’s adventure travel with all the boring details taken care of, guided by a local who wants to bring you into their world.

05

TRAVEL FOR GOOD

We know our travellers care about the world as much as we do. From a meal made with produce grown on a family-run farm to learning how to basket-weave in a small village that’s home to a community-based tourism project, when you travel with us you know that your journey is giving back. Don’t just take our word for it – as the world’s largest travel B Corp, we follow strict ethical standards on sustainability, supply chains and social responsibility.
We’re all about real life experiences. The surprising moments that turn into the stories you tell for years to come. You'll find them off the beaten track, in the bustle of a Marrakech souk or a quiet village along the Mekong Delta. These experiences are raw, authentic and totally unforgettable.

**HOW WE Travel**

**AUTHENTIC FOOD**

We know that food while you travel is more than fuel, and our trips include meals that enhance your adventure and give you a taste of the local flavours. Think a traditional Khmer dinner in the grounds of a Cambodian temple, or a hearty dinner with an Amish family in Berlin, Ohio.

**STAY REAL**

We think where you lay your head can be just as immersive as what you see in the day. Like spending the night at a 17th-century Rajasthani castle or a gite in the High Atlas Mountains. No matter where we stay, we always choose locally run accommodation.

**GET AROUND, GO DEEPER**

Wherever possible, we do things the local way – including transport. It’s better for the environment and a great way to immerse yourself in another culture. From gliding through the backwaters of Kerala in a pole boat, to zipping through Tochigi on a bullet train, we choose ways to get you there that take you deeper.

**THE ICONIC AND THE UNEXPECTED**

Sure, the first time you look at a famous monument is incredible, but so is finding yourself in the middle of a village football game or sharing a laugh with a market vendor. Our trips combine the iconic with the unexpected to give you genuine insight into local life.

**LOCAL CONNECTIONS**

By sharing laughter, stories and adventures with local people, you’ll learn about different ways of life. More importantly, you’ll find common ground. We believe you’ll learn more sharing a meal in a small community in Vietnam’s Da Bac or staying in a Nepalese village recovering from the 2015 earthquake, than wearing a headset and following a flag.

Why do
A CYCLING TRIP
WITH INTREPID

AN IMMERSIVE EXPERIENCE
Gain a different perspective and deeper understanding of the country you’re travelling in as your journey unfolds on the open road, surrounded by sounds, smells, changing scenery and like-minded riders.

A RELAXED PACE
There’s no racing, no medals and no pressure – or reason – to get anywhere in a hurry. Enjoy the ride, soak everything up, and stop to take photos and say hello whenever you feel like.

BE CHALLENGED
You might want to test yourself by tackling high mountain passes on a bike. Or you might simply want to rediscover your childhood love of riding. With a diverse range of Cycling Adventures, we guarantee you’ll find the right level of challenge for you.

GET CONSTANT SUPPORT
With support vehicles on almost every journey, you can take a break for an hour, an afternoon or an entire day. When you’re in the saddle, you can ride easy knowing your leader has ridden the itinerary in advance and received cycling-specific health and safety training.

TAKE THE ROAD LESS TRAVELLED
The world is your oyster and every unexplored road is a pearl. Zip down back alleys, cruise through small villages and meander beside waterways, seeing both the highlights of a country and the unique places only a bike can take you.

INTREPID STYLE
Our Cycling Adventures have all the hallmarks of a classic Intrepid trip. We eat and explore the local way wherever possible and stay in, mostly, tourist-class hotels. Think, immersive, fun, and – in this particular case – active.

ROAD CYCLING
These trips attract passionate cyclists who ride regularly and are looking for their next challenge. Tackle famous routes and traverse spectacular terrain. See page 26 for more information on our Road Cycling Adventures.

E-BIKE
Selected trips include the option to hire an e-bike – often provided with electric assist – where one person is not so strong a cyclist as the other. You still need to pedal but it will help you hold a higher average speed and make climbs easier.

PHYSICAL RATING
Each of our trips has a physical rating, so you can tell how exerting a trip is and how fit you’ll need to be to enjoy it. As a guide:

- Easy and relaxing – requires no previous cycling experience and a low level of fitness.
- A basic level of cycling fitness is required, and rides are generally less than 50 km per day on flat terrain.
- A reasonable level of cycling fitness and experience is required and rides generally vary from 30-50 km.
- For confident, experienced cyclists: Previous riding experience is essential and a good level of cycling fitness is required.
- Our most physically challenging and technical rides. They require both a high level of cycling experience and fitness.

Our trips vary in their level of challenge, from winding along a flat, palm-fringed road to tackling the legendary Tour de France route on Alpe d’Huez. Here are some examples of how the physical rating translates to real world conditions.

- **Cycle the Loire Valley (AMXL)**
  Gentle terrain with a few small hills means that despite cycling distances ranging from 30–90 km a day, this journey through French countryside is achievable for those with a basic level of fitness. See page 21.

- **Cycle Tuscany (ZMXT)**
  Cycling through picturesque rolling hills means you can expect frequent climbs and descents. Distances covered on the bike vary from 35–85 km each day, so this trip is ideal for someone with a moderate level of fitness. See page 18.

- **Cycle Japan (CJXC)**
  Distances covered on the bike during this trip vary from 10–80 km a day. The landscapes of the Noto Peninsula are hilly and weather can be extreme, which means that in certain seasons you’ll need to be reasonably fit and hardy to enjoy all of the rides on the tour. See page 38.

- **Cycle Morocco (XMXC)**
  While daily cycling distances range from 22–70 km (and some days include no cycling at all), the potential for extreme heat combined with the undulating Atlas Mountains terrain make this trip ideal for fit, confident cyclists. See page 17.

- **Cycle the French Alps: Road Cycling (AMXA)**
  With numerous quick descents, hairpin turns and between 40-100 km of mountainous ground covered in the saddle daily, this tour is for passionate, experienced cyclists with very good endurance and fitness who want a challenge. See page 27.
MEET YOUR Leads

Our award-winning leaders are a diverse bunch with one thing in common: a passion for their part of the world. Here are just some you might meet on your travels.

Whether she’s taking travellers to the best pad ka prow stall in Bangkok or the floating markets of Amphawa, Sasha helps people really connect with Thailand with her signature warmth and local knowledge. What matters most to Sasha is being kind and open, having fun, and providing her groups with an awesome experience of Thailand.

She’s a friend and a translator, a problem-solver and that all-important link between being a traveller and a local. And while she loves being able to travel all over India, Ankita’s favourite thing about leading for Intrepid is meeting new people and having different conversations every day. Her other fave thing? Introducing travellers to her most-loved Indian food: vegetarian thalis, a platter made up of curries, pickles, rice and bread (and watching them try to finish it!).

Animal welfare

In 2014, we became the first global tour operator to ban elephant rides on our trips after we funded eye-opening research by World Animal Protection.

5 REASONS WHY JAPAN IS AN AMAZING PLACE FOR A CYCLING TRIP

From the frenetic streets of neon Tokyo to the deer-filled parks of Kyoto, Kanazawa’s bamboo forest and the lost in time feeling of the Noto Peninsula, Japan is a land of contrasts that engages you every pedal stroke of the way. With 10 million new bicycles being sold in Japan every year, the passion for cycling is growing, and for good reason.

1. Cycling in Japan is easy (most of the time)

You can ride just about anywhere in Japan: on the road, on the many cycle lanes and paths, and even (somewhat scarily) on the pedestrian footpaths. Bike lanes are prevalent in the major cities, vehicle-free riverside bike paths are the norm, and most buildings have purpose-built bike parks. Some even have a special conveyor belt bike-lift to raise your bike back up to ground level when you leave.

WHY CYCLING IS THE BEST WAY TO EXPERIENCE TUSCANY

Things slow down in Italy. Not to a crawl, but to a delightful saunter. It’s a place where you soak in your surroundings, savour your espresso and linger a little longer at dinner. And it’s a pace that makes cycling the perfect way to see the beautiful Tuscan countryside. From the rolling hills, each with a tiny town full of charm you wouldn’t even know to visit on your own, to the endless array of delicious local cuisine, this region is a cyclist’s dream. It’s why I jumped at the chance to join Intrepid Travel’s Cycle Tuscany trip. From the views to the food, the trip was full of unforgettable moments.

CYCLING IN JORDAN IS A ONCE-IN-A-LIFETIME ADVENTURE

Jordan by bike. It might not be the first experience that comes to mind when you think of the Middle East. But trust us when we say that it’s one of the most magical...

There’s so much more to the country than the deserts of Wadi Rum and the wonders of Petra – though they’re not a bad place to start. Add in a few more surreal landscapes, a bunch of ruins, a night in a desert camp, and the amazingly freeing feeling of discovering it all by bike, and you’ve got a LOT to get excited about.

The diverse terrain

In all honesty, what type of landscape doesn’t this Middle Eastern gem boast? There’s deserts and mountains, awe-inspiring and vast. There’s cities resplendent in modernity that contrast with iconic ancient monuments. And, really, there’s everything in between: nature reserves, seaside resorts and so much more. One of our favourite spots for cycling has to be the Jordan Valley. Intrepid’s Cycle Jordan tour features a gorgeous 47-kilometre (29-mile) cycle that goes all the way through it, starting in Rafia.

Europe & Morocco

It’s no coincidence that the bicycle is a European invention; conditions here couldn’t be better suited to outings by pedal-power. There’s temperate weather, well-maintained trails, rolling terrain and some of the world’s tastiest food for fuel. Choose between leisurely rides through the hills of Andalucia, vineyards of Provence and olive groves of Tuscany or – for something completely different – take off on a high-country adventure across Morocco’s Atlas Mountains.

INTRODUCING ROAD CYCLING

Even Intrepid will swap off-the-beaten-path for on-the-paved-road occasionally. We’ve expanded our itineraries to include places that only a road bike (and occasional hard stats) can reach. But these are no ordinary roads. These are the cream of the crop, the tour de force. Whether you’re cycling in the tyre tracks of the Giro d’Italia, testing your legs on the steep slopes of the Col de Peyresourde, tackling the 21 hairpins of the Alpe d’Huez or climbing Colombia’s 80-kilometre-long Alto De Letras – reward yourself with some of cycling’s most phenomenal vistas that will (quite literally) take your breath away.

We take the best routes, not the easiest, and these trips tend to attract cyclists who ride regularly and are looking for their next challenge. Expect passionate travellers, local leaders, a support vehicle and all the joy that comes from experiencing a new destination from handlebar height.

How fit do I need to be?

While you’ll be dressed in lycra and riding fast bikes, these trips are not a race. Anyone who is healthy, comfortable riding up to six hours daily and confident riding on the road will enjoy these trips. Like any other sport, the fitter you are the more you will enjoy the experience.

How hard are road cycling trips?

The speeds are a bit faster and routes often feature famous climbs on tarmac. Daily rides vary from 50 km up to 100 km, but don’t let the distances fool you – 50 km in the mountains can mean a long day in the saddle.

What support will I receive?

Just like on our regular cycling trips, you will be accompanied by one of our excellent Intrepid cycling leaders, who will be there to guide you and assist if there’s an issue. Each trip will also include a support vehicle to carry your luggage (and you, if needed).

What sort of bikes do you use?

We know many road cyclists prefer the familiarity of riding their own bike, and that many of you will bring your own. So rather than including a hire bike, we have made hiring a bike optional on our road cycling trips. Don’t worry, if you don’t want the hassle of bringing your bike from home we can always arrange a suitable hire bike locally.

What’s different from our regular cycling trips?

The main difference is the focus is on the cycling itself. We ride a bit quicker (but not that fast!), have fewer sightings stops, ride through more challenging terrain, and our cyclists are spread out as they ride at their own pace. What’s not different is the amazing scenery, support we give you and joy of experiencing a new destination from your cycle.

Why will you love it?

- Ride through stunning scenery on this road cycling adventure
- Experience the sublime Lacets de Montvernier
- Tackle the 21 hairpins of the Alpe d’Huez
- Ascend the Col du Galibier, the ultra-high mountain route
- Cycle at your own pace, past snow-capped massifs and stunning lakes

In Asia and the Pacific, cycling is much more than just a pastime or an excuse to wear lycra. From the buzzing backstreets of Hanoi to tropical Thai beaches, Bagan’s pagoda-studded landscape to Sri Lanka’s hill country and Bali’s rice terraces to the mountain-lined trails of New Zealand’s South Island, the humble bicycle is a way of life. Be it wheeling along the packed streets of Old Delhi or weaving between the temples of Angkor, these regions are ideal to be discovered by bike.

While Africa is more commonly associated with overland travel in a truck or bus, cycling here continues to gain popularity. And with highlights like the hairpin-turn-laden Great Rift Valley and the barely-charted plains of Lengai, it's easy to see why. It's a similar story in the Middle East, where you'll find countries brimming with the ingredients of a perfect cycling trip: spectacular landscapes, quiet roads and warm hospitality at every step - or pedal stroke - of the way.
